Life Story of One of America's Most Picturesque Characters as Written by Himself.

New York, Jan. 19.-George Francis Train, who died late last night at Mills Hotel No. 1, in Elecker street, probably was one of the most picturesque figures in the history of America. Only a year ago, when he was 74 years old, he dictated the reminiscences of his exraordinary career and the result was published in book form. Summarized in his own curious fashion, this con-tained the following information about

"Shipping clerk, 16; manager, 18; partner in Train & Co., 20, with an income of \$10,000.
"Established firm of George Francis

The Train's parents, with several brothers and sisters, dead at New Orleans, and six parents, with several brothers and sisters, died at New Orleans from veillong fever and his childleans from yellow fever, and his child-hood home was on his grandmother's farm in Massachusetts. Not long after entering the Boston Shipping House, founded by his cousin, he went abroad, and from that time on he wandered all over the slobe.

over the globe.

In 1873 he began a carer as lecturer and agitator, and held public debates with some of the ablect orators in the country. A few years ago he made a trip around the world in sixty-six days, saying afterward that his "psychic" force enabled him to overcome all obstacles.

The World's Greatest Skin Humour.

Affects Every Age and Condition.

The Only Sure Cure is Cuticura.

If there were not another external sain disease known, eczema would be a sufficient infliction on mankind. It pervades all classes, and descends impartially through generations. While some are constantly enveloped in it, others have it confined to small patches in the ears, on the scalp, on the breast, on the palms of the hands, on the limbs, etc., but everywhere its distinctive feature is a small watery blister, which discharges an acrid fluid, causing heat, inflammation, and intense itching, scaling and crusting.

The Cuticura treatment is at once agreeable, speedy, economical and comprehensive. Bathe the affected parts freely with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment to allay itching, irritation and inflammation, and soothe and heal, and, seetly, take Cuticura Resolvent, or Pills, to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humours, and points to a speedy, per-manent and economical cure of tor-turing, disfiguring humours, eczemas, rashes and inflammations, from infancy to age, when all other remedies and the best physicians fall.
